

BRENDA HE

Engineering Student, University of Southern California

Brenda He is a fourth-year Civil Engineering student at the University of Southern California, specializing in Construction Management. She has completed a summer internship with Turner Construction, where she supported field operations for the SoCal Gas Control Center. This summer, she remains immersed in the construction industry through her work on the USC Keck Pasadena Medical Office Building.

Brenda previously competed on USC's ASC Region 7 Design-Build Team, earning second place overall and placing in the top three for scheduling. She currently serves as Co-President of USC's CMAA/AGC student chapter, where she channels her passion for the industry by helping students build strong professional connections. In her free time, she enjoys watching the NBA and WNBA and spending time with her family.
