

# Brian Dowd

## SVP Construction, Granite Construction

One of three Senior Vice Presidents of Construction, Brian Dowd is responsible for operational oversight of Granite's western operating regions, including those in California, Alaska, and the Pacific Northwest. Brian is responsible for providing strategic vision and standards for financial, safety, and environmental performance. He is experienced in driving financial performance, business growth, and employee development.

Since joining Granite in 1986, Brian has held a variety of corporate and operational leadership positions across the organization, and has extensive experience leading high performing teams in tackling complex projects.

Brian holds a BS in civil engineering from the University of California, Berkeley, and is a registered engineer in the states of California and Nevada.
