

KEITH OWENS

Director of Engineering, Ontario International Airport

Keith Owens earned his Bachelor of Science in Civil Engineering from Long Beach State in 1983. He began his career as a Project Engineer at the Port of Los Angeles, where he worked for 4.5 years before becoming a licensed Professional Engineer.

Keith then spent over 18 years with the Los Angeles World Airports (formerly the Department of Airports, City of Los Angeles), serving as both a Project Engineer and Project Manager. In 2006, he transitioned to Western Municipal Water District (WMWD) in Riverside, where he spent 4.5 years as the Development Services Manager.

In 2011, Keith moved to the private sector, joining Burns & McDonnell as an Aviation Project Manager, where he spent 6 years as an engineering consultant.

He joined the Ontario International Airport Authority (OIAA) in July 2017 as their Engineering Manager and was promoted to Director of Engineering and Construction, overseeing engineering and construction for the OIAA Capital Improvement Program and tenant development projects.
