

DAMMAR SAUD

Project Engineer Intern, Blois Construction

Dammar Saud is a graduate student pursuing a Master's in Construction Management at the University of Southern California, where she has been honored with the Astani Graduate Scholar designation and multiple fellowships. With a background in architecture and one year of professional experience as an architect, she brings a global and interdisciplinary perspective to the built environment.

She is actively involved in the Construction Management Association of America (CMAA) and currently participating in the ASC Open Integrated Project Competition, reflecting her commitment to collaborative and technology-driven solutions in the construction industry. This summer, she is gaining hands-on field experience as a Project Engineer Intern at Blois Construction, LLC. Her long-term aspiration is to become a leader in the construction industry, driving innovation and sustainability.
