

Goran Lazarevic

Acting Chief Airport Engineer, Airports Development Program
Los Angeles World Airports (LAWA)

Goran Lazarevic serves as Acting Chief Airport Engineer for the Airports Development Program (ADP) at Los Angeles World Airports (LAWA), where he leads both airside and landside program elements. He brings more than 25 years of experience in design and construction. Mr. Lazarevic joined the City of Los Angeles in 1999 and has been with LAWA since 2006, serving as a project manager responsible for the design and construction of major airfield projects. His recent projects include the West Aircraft Maintenance Area, Runway Safety Area Improvements, Crossfield Taxiways N and P, and the Taxiway D Extension. He was recently assigned the duties of Chief Airport Engineer, expanding his oversight to include landside projects as well.

Mr. Lazarevic earned a degree in Civil Engineering from Belgrade, Serbia, and has been a registered Professional Engineer in California for the past 18 years.

Outside of work, he enjoys riding motorcycles, sailing, fishing, and flying radio-controlled model airplanes.
