David J. Kim

Acting Director of Airport Development Program Los Angeles World Airports

Mr. David J. Kim is the acting Director of Airport Development Program for Los Angeles World Airports (LAWA). A licensed architect, he has been in aviation planning, design, and construction for over 18 years managing multiple billion-dollar capital improvement projects/programs at LAWA. Currently he is overseeing the multi-billion-dollar programs for Airside, Landside, and Roadway improvements surrounding LAX.

Prior to LAWA, he managed design and construction for public work buildings for the City of Los Angeles including libraries, LAPD police stations, LA City Emergency Operation Center, and LAPD Headquarters Facility. Mr. Kim was also a captain in the US Army and had two overseas deployments.

Mr. Kim is a graduate of the University of Southern California. He is a registered architect in California and in Hawaii. He is an American Association of Airport Executives (AAAE) certified member and Design-Build Institute of America (DBIA) member.
