Sherry Bullock

Deputy Executive Director
Peninsula Corridor Joint Powers Authority (Caltrain)

Sherry L. Bullock is Deputy Executive Director of Caltrain who is responsible for Engineering, Capital Project Delivery and Modernization. Sherry oversees a broad portfolio of major capital programs, including corridor wide crossing safety enhancement and elimination, the Caltrain Electrification, Electric Multiple Unit (EMUs), Battery Electric Multiple Unit (BEMU), Downtown Extension (the Portal), and other critical infrastructure and modernization work across the system.

With over 30 years of experience delivering large, complex programs across multiple industries, 18 of those focused on transportation. Known for her strategic mindset, collaborative approach, and results-driven leadership, Sherry has led some of the most challenging capital programs to successful outcomes.
