# Andy Althrop

Director of Capital Construction  
Metrolink

Andy Althrop is the Director of Capital Construction at Metrolink, responsible for the construction of all Capital and Third-Party projects undertaken by the Agency. Andy has been with Metrolink for 15 years and previously worked on the California High-Speed Rail as the Program Manager for the Palmdale to Los Angeles segment of the alignment. Andy's prior experience includes major rail and station infrastructure construction projects for London Underground, high-speed rail and the construction of the Channel Tunnel in the UK, working for contractors, Public Authority owners and consultants.
