Paul Pendergast

CEO, Pendergast Consulting Group and President, BuildIT

Paul Pendergast, CEO of Pendergast Consulting Group, is an internationally recognized public affairs expert with over 30 years of practical experience in the fields of strategic communications and economic development programs for major multi-billion-dollar infrastructure projects. Pendergast's key projects include the Salesforce Transit Center, the Presidio Parkway Project (the south approach to the Golden Gate Bridge), California High Speed Rail, Bay Area Rapid Transit's Small Business Support Services Program, Seattle's Sound Transit, Los Angeles World Airports, and the San Francisco/Oakland Bay Bridge. Pendergast is frequently asked to present at transportation industry conferences including the Transportation Research Board (TRB) held in Washington, D.C., and the Western Association of State Highway Transportation Officials (WASHTO).

He has been an advocate for small, minority, women, veteran and LGBT businesses nearly his entire career and he is a Founder of BuildIT which is the world's largest Industry Association of its kind dedicated to the sustainable development of LGBT/Allied firms in the areas of Architecture, Engineering, Construction-services, and related industries where he serves as President of the Board of Directors. Pendergast lead's BuildIT's activities for all three divisions of the organization including West Coast, North America and Global.
